## Mind Model

### Conscious Mind

*(makes decisions and plans)*

- Processes 5 or 6 pieces of information
- Everything you are aware of (your 5 senses)
- Short Term Memory
- Logical Thinking
- Analytical
- Rational
- Will Power (Extremely Powerful)

### Conscious Mind

### Unconscious Mind

*(the part that's really in control)*

- Can process millions of pieces of information
- Memories
- Emotions
- Imaginations (Most Powerful)
- Unconscious Behaviors (Habits)
- Protection (Prime Directive) from physical and emotional harm
- Socializing Period

**New Ideas**

**NO!**

### Critical Faculty

*(rejects everything that disagrees with what is already inside)*
